£1,995 TOP FOR ROSS DAIRY HEIFER

A top price of £1,995 (1,900gns) was achieved for a Holstein Friesian calved heifer from the Trostrey herd of David and Sue Morgan, Usk, with others from the same home selling to £1,964 (1,870gns).

Brownswood Holsteins of Worcester sold calved heifers to £1,943 (1,850gns) and Geoff and Jean Williams of Hay-on-Wye sold to £1,869 (1,780gns).

Auctioneer Gwilym Richards remarked that all cattle put forward for sale were sold to a more realistic trade compared to the previous month's sale with more cattle being sold and a number of local buyers being prohibited by DEFRA to re-stock following TB breakdowns.
