

ROSS NOVEMBER MONTHLY DAIRY SALE

THURSDAY 8th NOVEMBER 2018

12 Sold

Auctioneer: Gwilym Richards

Sale at 11 am

TOTAL DAIRY CLEARANCE

The small entry of fresh calved heifers was not of the usual high quality. Many of the heifers had calved at 3 years of age which were too big for our cubicle housed and robot milked herd buyers. The best sold to £1,365.

The next sale on 6th December will include a herd dispersal of Holstein Friesians and Jerseys and two consignments of in-calf heifers together with the usual fresh calved heifers from dispersing herds and heifer rearers.
